— A LEADERSHIP GIVING OPPORTUNITY —

A CAPITAL CAMPAIGN BY TAKE PAWS RESCUE

Jefferson, Louisiana

ANOTHER STRAY CAFE

TakePaws Rescue is launching a capital campaign to create Another Stray Cafe — a permanent rescue headquarters with an on-site veterinary clinic that will change how lifesaving happens in our community.

This 3,500-square-foot brick facility will allow Take Paws Rescue to care for more dogs, provide critical medical services in-house, and expand access to affordable veterinary care for the people and animals of Jefferson Parish.

This is a forward-thinking investment in sustainability, efficiency, and long-term impact.

Why Another Stray Cafe Matters

Another Stray Cafe allows Take Paws Rescue to grow responsibly — relieving pressure on existing programs while increasing lifesaving capacity across the region.

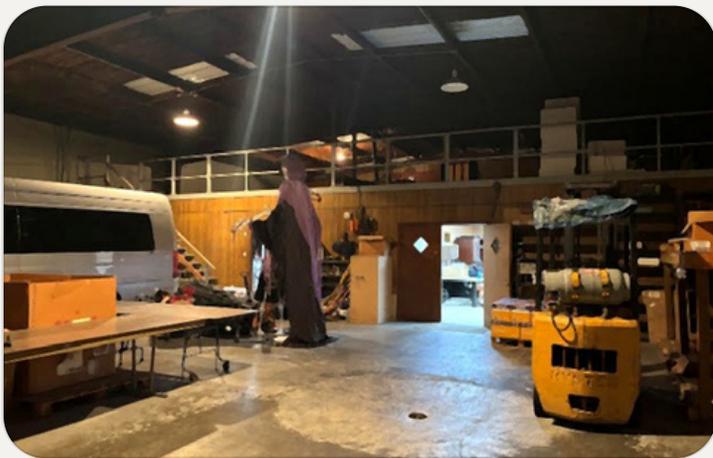

This project strengthens animal welfare outcomes, improves access to care, and creates a permanent foundation for the future of rescue in our community.
